## ANNUAL REPORT OF THE SUPERINTENDENT OF INSURANCE, 1923

GENTLEMEN: I have the honor to submit herewith the report of the department of insurance for the year ending December 31, 1923.

The figures used herein show the business transacted in the District of Columbia by the various insurance companies, associations, and orders during the year 1923, compiled from the annual statements, which must be filed with this department in compliance with section 650 of the Code during the month of January, covering the business done in the District during the calendar year next preceding.

The records show that there were licensed to write the various kinds of insurance in the District of Columbia during the year 391 companies, which was a gain of 28 over the previous year.

The total premiums paid in the District of Columbia during the year 1923 amounted to \$18,974,532.92, and the total losses paid amounted to \$6,303,070.25, and have been divided as follows:

	Premiums received	Losses paid
Life, fraternal, and assessment .....	\$13,433,925.80	\$4,487,847.71
Fire and Marine .....	3,380,738.94	1,116,467.74
Miscellaneous .....	2,159,868.18	698,754.80
Total .....	18,974,532.92	6,303,070.25

The total of these premiums, as compared with the year 1922, show an increase of \$2,097,606.70, and total losses paid show an increase of \$776,765.01.

I am giving below a comparative statement of the fire insurance premiums received and the losses paid in the District of Columbia for the past ten years, which is as follows:

	Premiums received	Losses paid	Percentage
1914 .....	\$675,479.39	\$549,657.01	81½
1915 .....	798,620.32	252,708.53	31
1916 .....	871,944.81	348,684.45	39
1917 .....	988,277.03	150,902.44	15½
1918 .....	1,208,030.03	231,140.60	19½
1919 .....	1,553,605.85	561,784.62	36½
1920 .....	1,860,474.07	424,310.19	22½
1921 .....	1,644,984.74	589,198.18	35½
1922 .....	1,996,996.79	1,099,187.28	55
1923 .....	2,442,344.58	819,799.52	33½
Grand total .....	14,040,757.61	5,027,372.82	35½

We have given a comparative statement of the premiums received and the losses paid for a period of 10 years, from which you will observe how the loss ratio to the premiums received varies each year. While in 1923 the premiums received amounted to \$2,442,344.58, the losses paid only aggregated \$819,799.52, showing a ratio of 33.5 per cent, which is 21.5 per cent lower than in 1922.

## NEW PROPOSED INSURANCE CODE

Another attempt was made in December last to have the Congress of the United States pass a new insurance code for the District of Columbia, but after a new bill had been introduced in the House of Representatives by the Hon. George W. Edmonds, of Pennsylvania, opposition arose in the District Committee over some of the provisions of the proposed law.

The bill, however, finally got from the District of Columbia Committee to the House with a favorable report, but failed of passage at the first session of the Sixty-eighth Congress, though it remains on the calendar for action at the next session of that Congress. This bill is known as H. R. 3689, and I believe that with a few changes in some of the disputed sections, and possibly the striking out of other sections, it will be passed and still give to the District of Columbia a workable code, something which we do not have at the present time.

## LICENSING OF UNDESIRABLE INSURANCE REPRESENTATIVES

As our insurance law now stands, there is nothing contained therein to prevent the licensing of the undesirable and dishonest agent, broker, or solicitor. It is a well-known fact, and backed up by a decision of the Court of Appeals of the District of Columbia, if application is made to the department for the issuance of any kind of license to an applicant, accompanied by the proper fee, the department has not discretionary powers, but must issue the license applied for.

Such being the case, the insuring public has no protection whatsoever against the dishonest or undesirable agent, broker, or solicitor. This state of affairs should not exist in the District of Columbia, and it is a shame that for years it has been impossible to get a proper insurance code passed by the Congress of the United States.

## RESIDENT AGENT'S LAW

It is my opinion that we should follow the practice of the other insurance departments and have a resident agent's law. The local insurance representatives are entitled to such recognition, and before a policy or contract of insurance is valid in the District of Columbia, it should be countersigned by the resident agent. I am glad to be able to say this is all taken care of in the new proposed code.

## ORDINARY INSURANCE SOLICITORS' LICENSES

At the present time there are upwards of 1,300 ordinary insurance solicitors' licenses issued to various parties in the District of Columbia. From an examination of the applications for these one readily observes that the answers given by many of the applicants plainly indicate that they know practically nothing about the insurance business, and it is a well-known fact among the insurance fraternity that these licenses have been requested so that commissions may be paid to the insured. While it is perfectly legal to pay commission to a licensed solicitor, yet one must admit that it is not ethical or following good practices and only means that the agent or broker is paying to obtain business, thus taking money out of his own pocket.

A large majority of the ordinary solicitor's licenses never get into the hands of the applicants, but are held by the agent requesting the same. This plainly shows on its face the purpose of the issuance of the licenses.

Under the new proposed code this practice is stopped, inasmuch as it makes it more difficult, as it should be, for a person to obtain a solicitor's license in the District of Columbia, and besides a statement must be made under oath that the license is not being applied for solely to permit the payment of commission to an insured.

#### THE MARINE ACT OF MARCH 4, 1922

The marine act of March 4, 1922, has caused the insurance department considerable trouble, due to the fact that the proper interpretation of the same was never gotten from its author, Dr. S. S. Huebner, of the University of Pennsylvania. In taking this matter up with Doctor Huebner, he has advised as follows:

My interpretation of the act of March 4, 1922, is to the effect that a company doing marine insurance business as per the definition of the law, must qualify as regards marine insurance. Likewise, a company doing automobile insurance has the option under the multiple feature of the law to either qualify for the purpose of taxation under the marine law, or not, as it sees fit. With respect to all other forms of insurance, as I interpret the law, the regular premium tax must be paid. The profits taxation section of the law expressly states that they relate to marine insurance. There was no idea of having the law regulate other forms of insurance except to permit a company to write, in addition to marine insurance, the other enumerated forms of coverages.

This interpretation threw new light on the subject, and it was found that the department had been forcing companies to qualify under the marine law when it was contrary to the spirit of that law. It further meant that quite a number of companies were paying a lower rate of taxation and a higher license fee than they should. We communicated with a number of companies qualifying under the marine law, inclosing them a copy of Doctor Huebner's opinion, and changed their licenses, at the same time saving the District of Columbia considerable revenue in the way of additional taxes.

This matter has now been straightened out, and any companies doing a marine insurance business, as fully set forth in section 1 of the marine act of March 4, 1922, have been licensed accordingly. No further trouble is anticipated in the near future over the proper intent and meaning of the marine act.

#### A NEW FRATERNAL INSURANCE LAW

I am now trying to get the various fraternal insurance interests to agree upon a new fraternal insurance law for the District of Columbia, and believe that at the next session of the National Fraternal Congress of America, which meets in this city in August, a bill will be agreed upon. No provision is made in the new proposed insurance code for the District of Columbia for a new fraternal insurance law. When it is taken into consideration that the 60 fraternal associations or orders doing business in the District of Columbia show a total of nearly \$7,000,000,000 of insurance in force, you will readily agree that there should be proper and adequate laws governing this class of business.

All of the large fraternal desire proper legislation, and show a disposition to give to the public proper protection at the lowest possible cost. They also recognize the fact that the rates must be adequate and the proper reserves must be maintained at all times to keep their associations or orders solvent.

### GENERAL REMARKS

The records of the department are in excellent condition, and though we have been greatly handicapped by changes in several important positions through resignations, yet by the hearty cooperation and faithful services of all the employees, the work is up to date and the public willingly served at all times in every possible manner.

Respectfully submitted.

THOMAS M. BALDWIN, Jr.,  
Acting Superintendent.

The COMMISSIONERS OF THE DISTRICT OF COLUMBIA.
